

# The Moving Child II: Dance Therapy in Action

## *Movement Experiential, Film Viewing, Q&A*

Monday, April 24, 8:00PM - 10:00PM EDT

### PRESENTATION DESCRIPTION

A unique film made by Canadian Dance Therapist Hana Kamea Kemble, BC-DMT, featuring 11 North American board certified dance/movement therapists in their applications of dance/movement therapy (DMT) with infants, children, youth and parents in a variety of different school, community and private practice settings. The Moving Child Film II supports our DMT and allied communities with more understanding of the efficacy of DMT and the importance of relational movement as well as emotional expression harnessed through movement for healthy child development. Dance Therapists who share their work and heart in this Moving Child Film II include Dr. Suzi Tortora, Rena Kornblum, Dr. Charné Furcron, Susan Loman, Susan Kierr, Janet Kaylo, Renee Ortega, Dennis McCarthy, Laurie Jones, Hana Kamea Kemble.

***The Moving Child II: Dance Therapy in Action***, follows ***The Moving Child I: Supporting Early Development Through Movement***, and is also followed by ***The Moving Child III: Developmental Movement in the First Year of Life***.

### LEARNING OBJECTIVES

1. Recognize many different ways that DMT is being applied with children and youth and what sessions might look like.
2. Visualize application of DMT techniques with parents.
3. Identify different DMT cross-cultural applications in community settings.
4. Visually and viscerally experience through a film format the healing power of movement.
